**Governor’s State Workforce Development Board
May 11, 2023, SC Works Management Committee Meeting Minutes**

Members Present:

Mr. Warren Snead*
Mr. John Uprichard*
Mr. William Floyd*
Mr. Gregory Cannon Clark
Mr. Mike King

Members Absent:

Ms. Darline Graham
Mr. Perry Shuping
Mr. Gregory L. Tinnell

Welcome and Opening Remarks Mr. Warren Snead, Committee Chair

Mr. Warren Snead, Committee Chair, called the meeting to order at 11:00 a.m. A quorum was present.

Mr. Snead welcomed Ms. Naana Amonoo-Neizer as a guest presenter from the EvalGroup.

Approval of February 9, 2023, Meeting Minutes* Mr. Snead

Mr. Gregory Clark motioned to approve the February 9, 2023, meeting minutes. Mr. Mike King seconded the motion, and the Committee unanimously approved the minutes.

Program Year 2022 Local Performance Mr. Zach Nickerson

Mr. Zach Nickerson reviewed the local WIOA funding and fiscal and programmatic performance for Program Year 2022 through the 2nd quarter, July 1 to December 31, 2022. South Carolina received \$29.1M in WIOA funding; \$22.97M was allocated to the 12 local workforce development areas (LWDA).

State-identified fiscal measures require LWDA's to meet an 80% Obligation Rate, 70% Fund Utilization Rate (FUR), and 30% Participant Cost Rate (PCR) by June 30 of the program year. As of December 2022, all 12 LWDA's are on track to meet the Adult Obligation Rate for PY'22. Four (4) areas are below the Dislocated Worker Obligation Rate and one (1) area is below the Youth Obligation Rate.

All 12 LWDA's are below the recommended 35% FUR to be on track to meet the 70% rate by June 30 of the program year, and four areas are below the 30% PCR.

The state is on track to meet the Federal negotiated program measures, Employment in the Second Quarter after Exit, Employment in the Fourth Quarter after Exit, Median Earnings, Measurable Skills Gain, and Credential Attainment. Two (2) LWDA's are not on track to meet program measures for PY'22 through 2nd Quarter.

Participant Cost Rate Policy Recommendation* Mr. Nickerson

Mr. Nickerson reviewed the Participant Cost Rate Policy recommendation to revise the calculation to include the salaries, fringe, and indirect costs of staff who provide direct services to participants. Staff working directly with participants is defined as staff providing and/or conducting eligibility certification, case management, workshops, and assessments. Mr. Nickerson explained that there

**Governor’s State Workforce Development Board
May 11, 2023, SC Works Management Committee Meeting Minutes**

are two key factors at play making it difficult for local areas to achieve the 30% PCR: WIOA is a secondary resource for training and supportive services and declining WIOA funds and increasing infrastructure costs. WIOA requires all other resources to be utilized prior to the utilization of WIOA funds for training and supportive services costs. The abundance of other resources available to pay for training and supportive services from other workforce system partners and additional grant funding opportunities, makes it difficult for local areas to expend their dollars on training and supportive services. Additionally, the PCR, as it is currently calculated, discourages areas from applying for additional grants that might help the area but would negatively impact their ability to meet the PCR.

Discussion: In response to a question, Mr. Nickerson explained that the SC has seen a 10% decrease in WIOA funding, with the low unemployment rate being one of the variables associated with how much WIOA funding a state receives.

Voting: Mr. Mike King motioned to approve the Participant Cost Rate Recommendation, advancing it to the Executive Committee. Mr. Greg Clark seconded, and the Committee voted unanimously to approve the Participant Cost Rate Recommendation, advancing it to the Executive Committee.

SC Works Secret Shopper Initiative Ms. Naana Amonoo-Neizer

The deployment of the SC Works Secret Shopper Initiative was created to increase business and job seeker use of the SC Works system by assessing customers’ experience when interacting with the SC Works system.

Ms. Naana Amonoo-Neizer, Project Manager, EvalGroup, the vendor selected, provided an update on the progress of the SC Works Secret Shopper Initiative. The initiative will be performed in two phases. Ms. Amonoo-Neizer explained that during Phase I, businesses and job seekers were surveyed to identify the types of services consumers are interested in receiving. Phase II will deploy secret shoppers into identified SC Works Centers.

The SC Works Secret Shopper Initiative is active, limiting the data EvalGroup was able to provide. State Workforce Development Board members will receive the final report during PY’23.

Other Business/AdjournMr. Snead

Mr. Snead reminded members of the next full Board meeting on June 28, 2023, at 11:00 a.m. He also noted that the 2023 Workforce Development Symposium will be held on September 19, 2023, at William Brice Stadium in Columbia, SC.

Mr. Thomas Freeland, State Workforce Development Board Chair, encouraged members to plan to attend the 2023 Workforce Development Symposium.

Meeting Adjourned at 11:44 a.m.

What is the plan?

UNIFIED STATE PLAN

What is it?

A comprehensive **education and workforce development plan for South Carolina.**

Has one ever existed?

No. A plan involving 10+ agencies across both education and workforce has never existed in our state.

COLLECTIVE VISION AND MISSION

Vision Achieve and sustain South Carolina's workforce potential.

Mission Through collaboration and coordination, align and enhance South Carolina's education and workforce system so that is readily accessible, highly effective, and easily understandable.

**Topics for
first USP**

Awareness

Skills

Obstacles

NOTE: Current WIOA Combined State Plan draft has same vision and mission.

4H JOBS: DEVELOPING THE DEFINITION

- Each goal relates to 4H jobs
- Our goal is to use a calculation that includes multiple jobs from different industries, so as many industries as possible are invested in the USP.
- 4h jobs will adjust to market demand and changing technology.
- The path to 4H jobs is built though other positions.

NOTE: Current WIOA Combined State Plan uses 4H terminology.

Awareness (Part I)

Increase South Carolinians' understanding about the pipeline toward 4H jobs.

What we heard

- Outdated adverse stigmas about certain industries
- Perception that everyone must attend 4-year college to be successful
- Unawareness about vast and diverse job opportunities throughout the state

Strategies

#1: Increase the understanding of 4H jobs and the pathways to obtainment for...

- K-20 students
- Guardians of K-20 students
- Those employed in schools
- Those not in the labor force
- Those underemployed

#2: Increase the understanding of services available and the workforce pipeline for...

- Employers offering 4H jobs

Tactical actions

- Central education and workforce portal
- Central career pathways information
- Central menu of services for individuals seeking jobs
- Coordinated awareness campaigns across state agencies

Awareness (Part 2)

Increase South Carolinians' understanding about the pipeline toward 4H jobs.

What we heard

- Confusion about which entity to approach for assistance
- Repetitive forms required of individuals and businesses (posting internships, jobs, etc.) to obtain services
- No one speaks to each other

Strategies

- #1: Decrease the number of **times individuals must enter similar information** when seeking state government services related to education and employment
- #2: Decrease the number of **contacts a business must make** within state government to address their issue related to education and workforce

Tactical actions

- Evidence building system
- Inventory of education and workforce programs
- Central menu of services available to assist businesses

Skills (Part 1)

Increase skills and experiences, of South Carolinians at all ages, while in the pipeline to 4H jobs.

What we heard

- Job seekers lack commitment and soft skills (e.g., team player, follow directions, show up on time)
- New hires quit within two weeks
- Business don't provide opportunities for potential future employees to learn

Strategies

- #1: Increase participation by **K-20 students, and adults re-entering the workforce** in high impact practices.
- #2: Increase participation by **businesses** in high impact practices

Tactical Actions

- Create central rolodex of companies willing to participate in high impact practices
- Organize career education staff to promote opportunities
- Education programs incorporate high impact practices

High Impact Practices = Apprenticeship; Internship; Job shadowing; Mentoring; School-based enterprise; Service learning; Structured field study; Cooperative education

***Note: Goal, strategy, and tactic formation are still in progress.*

Skills (Part 2)

Increase skills and experiences, of South Carolinians at all ages, while in the pipeline to 4H jobs.

What we heard

- Education doesn't teach skills needed
- In-demand skills and credentials are needed
- Define in-demand skills

Strategies

- #1: Increase percentage of labor force in S.C. holding a high value credential
- #2: Increase percentage of individuals who, within six months of attaining a credential in S.C., are in additional education, employed, or participating in a year of service in S.C.

Tactical Actions

- Track standard occupational classification codes and align them with education received
- Calculate return on investment in education and workforce programs

SOC
Status

Obstacles

Increase options to attract and retain South Carolinians in the 4H job pipeline.

What we heard

- Prospective workers face barriers to entering the workforce
- Housing and childcare costs prevent workers from accessing resources
- Transit availability limits worker options and accessibility

Strategies

- #1: Increase the **number of available and affordable** childcare options for guardians entering the workforce or obtaining education
- #2: Increase the **number of eligible workers within XX minutes drive, or XX minutes bus/bike ride, of the largest employment center** in each county
- #3: Increase the **number of transit options** for individuals without vehicles to get to work

Tactical Actions

- Study regarding barriers related to (1) childcare; and (2) transportation
- Expand citizen access to lists of licensed available childcare facilities (and funded 4K programs)
- More to come
